

Let's Go Camping!!!

Camp Green Dickson has 17 campsites in the main section of camp. Ten of these have a pavilion with two tables to serve as your dining fly.

The campsites are large and ideal for Scouting units. They accommodate from 20 to 50 people. Each has a latrine close by with running and drinkable water.

Let's Go Backpacking!!!

Want an easy way to try backpacking? There are seven primitive campsites in the back of camp on the hill. They require an easy 2-mile hike to reach and offer quick turn backs if your younger scouts need to go back.

Let's Go Hiking!!!

There are seven trails within Camp Green Dickson with three of them connecting to create a 4-mile loop. Combine this with hiking from your campsite and back and you'll have completed the 5-mile 2nd Class rank requirement.

You'll get to see all of camp hiking these trails. From the brushy areas to hardwood bottom to grass lands. Camp Green Dickson has a lot to offer for scenery. Hike the Green Trail for an amazing overlook and see the new tank. Or try the White Trail within the main section of camp to see our Twist Oak.

Each trail is well marked with colored trail markers. The trails are mowed periodically, but long pants and hiking shoes are recommended.

Let's Go Fishing!!!

The 6-acre pond in the main section of camp is located by the Lake Pavilion. Here you'll be able to catch large mouth bass, sunfish, and catfish.

The Live Oak District holds an annual fishing derby so you can be rest assured there are fish in this tank. Here is one of their scouts holding one of the fish he caught.

Most of the bank has been cleared so almost the entire tank is accessible. There are still a few good spots where you can sit under a tree for some fishing in the shade.

There is also a new tank in the back of camp if you're looking for a more secluded spot.

Large Events/Groups

If you have a large group, or want a place to host your event, Camp Green Dickson has the facilities you need. There are three large pavilions to choose from:

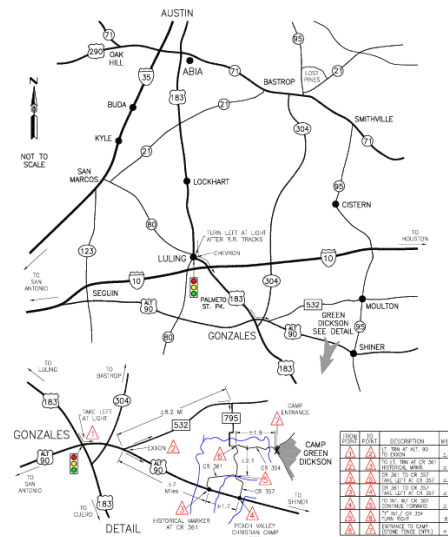

- Hank Deschner Pavilion (pictured)
- Elgin Pavilion (aka. Lake Pavilion)
- NYLT Learning Center Pavilion

You can also book the Mikesh Parade Grounds if you need a large open field. For large campfires, there is a campfire area with a large berm for everyone to sit theater style. There is water close to the fire area for safety.

There is also a medic shed for district/council events. And the A-Building can be used as an event headquarters.

Directions

From Gonzales, traveling east on Alt. 90, turn north-east on FM 532. Turn right on FM 795 in 8.2 miles. FM 795 turns into CR 354. Stay straight on CR 354. After 1.9 miles, camp will be on your left where CR 381 tees into CR 354.

Physical Address

3360 County Road 381
Gonzales, TX 79629
